Div. of Oil, Gas & Mining

Re: Request for an extension for an administrative hearing pertaining to PR Spring Mine No. M/047/0090 in Uintah and Grand Counties

Dear Ms. Dean

Thank you for granting Living Rivers, Center for Biological Diversity, Redrock Forests and Peaceful Uprising an administrative hearing for PR Spring Mine No. M/047/0090, which is currently scheduled for June 22 at 2 PM. Yesterday we discussed our calendar commitments on this matter and have decided to request an extension for reasons of conflicts with business and vacation schedules.

We are hoping that a hearing could be arranged for July after the 25th.

Thank you for your considerations. We look forward to your reply.

Sincerely,

John Weisheit
Conservation Director
Living Rivers

Subject: Informal Conference Reschedule Request

Mr. Cuthbert,

Living Rivers, Center for Biological Diversity, Redrock Forests and Peaceful Uprising have requested that we reschedule the Informal Conference regarding the PR Springs Mine. The Conference is currently set for June 22; they would like to push it back to some time after July 25.

Because this is an appeal, with identified parties, the Division requires that both parties agree to any extension. I would appreciate your prompt input regarding this request.

Thank you,

Dana Dean, P.E.
Associate Director - Mining
